It's time to make our concentric circles bigger. Convivium Connections are Convivium magazine discussion groups forming near you. Join your fellow members to engage in meaningful discussions about faith in our common life.

Check out what Kemptville Convivium Connection group leader Harmen Boersma has to say: "The Kemptville group meets downtown. Discussion topics include what is written about in Convivium magazine as well as relevant topics in our own lives and communities. We always wonder how faith (Christian or other) shapes our action and community institutions. We gather to informally share stories and ideas. **Join us on Tuesdays from 7-8 pm; come earlier for a meal and/or stay later for a drink."**

The Kemptville Convivium Connections group meets on Tuesdays from 7-8pm. Contact Harmen Boersma for details at: 613.258.5565 or harmenboersma@sympatico.ca

We trust you've enjoyed this issue of Convivium. But the experience doesn't end when you close the cover. Convivium magazine is but one portal to a much broader project of fostering a community of culture changers across Canada. To make it work, we need you to enjoin family, friends, neighbours and colleagues to spread the word and get engaged as members of Convivium.
